Reissue Applications

In accordance with 37 CFR 1.175(b)(1), a supplemental reissue oath/declaration under 37 CFR 1.175(b)(1) must be received before this reissue application can be allowed.

1414.01 [R-2] Supplemental Reissue Oath/ Declaration

If additional defects or errors are corrected in the reissue after the filing of the application and the original reissue oath or declaration, a supplemental reissue oath/declaration must be filed, unless all additional errors corrected are spelling, grammar, typographical, editorial or clerical errors which are not errors under 35 U.S.C. 251 (see MPEP § 1402). In other words, a supplemental oath/declaration is required where any "error" under 35 U.S.C. 251 has been corrected and the error was not identified in the original reissue oath/declaration.

Claims 1, 7, 8, 10-12, 66, and 84-120 are rejected as being based upon a defective reissue oath under 35 U.S.C. 251. See 37 CFR 1.175. The nature of the defect is set forth above.

Receipt of an appropriate supplemental oath/declaration under 37 CFR 1.175(b)(1) will overcome this rejection under 35 U.S.C. 251. An example of acceptable language to be used in the supplemental oath/declaration is as follows:

"Every error in the patent which was corrected in the present reissue application, and is not covered by a prior oath/declaration submitted in this application, arose without any deceptive intention on the part of the applicant."

The applicant is requested to submit a copy of the IDS-1449 filed on 04/29/2003 with corrections to the reference of Mertz, "Concentric Spectrograph," in order to reflect the changes in the Certificate of Correction regarding this matter.

In regards to Claim 1,

- line 2, "having" should not be underlined;
- line 8, "of said grating" must be underlined;
- line 14, " and" after ";" should not be underlined.

In regards to Claim 8, line 3, a --:-- should be place after "comprising."

In regards to Claim 98,

- line 3,"the concave lens" should be replaced with --grating concave surface--, in order to be consistent with the terminology.
- Line 4, "(column 11, lines 46-49)" should be deleted.

In regards to Claim 105, line 3, "(claim 46, lines 484-49 and claim 51) should be deleted.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event,

Art Unit: 2877
